

1st European EIF Job Market in Finance and Accounting *December 20, 2006*

The Europlace Institute of Finance (EIF) and HEC School of Management Paris organize the **1st European Job Market in Finance and Accounting**, in collaboration with Vienna University of Economics and Business Administration, Università Luigi Bocconi, ESADE, RSM Erasmus University, Copenhagen Business School.

The objective of this event is to enhance the exchanges between young researchers, PhD students, academic institutions and professionals in Finance and Accounting, in order to facilitate recruiting, to create bridges and to develop common scientific projects. All fields of Finance and Accounting are concerned including quantitative finance, corporate finance, behavioral finance, financial accounting, management accounting and related fields.

Registration to this event will allow academic and non-academic recruiters to:

- meet young international researchers in Finance and/or Accounting in individual interviews and to consult their CV on line;
- learn about their research work, through their presentations or posters;
- network during round table meetings and conferences.

This event is addressed to professors or professionals, responsible of the recruitment of young researchers in all fields of Finance and Accounting.
